Academic policies as well as degree and major-specific requirements can be found at catalog.siu.edu. All students are encouraged to meet with the academic advisor on a regular basis to ensure timely progress to degree.

University Core Curriculum (UCC) is satisfied with the transfer of an Associate of Arts or Science (AA or AS) degree or the completion of the Illinois Articulation Initiative-General Education Core Curriculum (IAI-GECC) from an Illinois community college.

*AH 241 Anatomy & Physiology will satisfy the UCC Human Health Area. That area requires 2 credit hours, so the student will have 2 extra credit hours for a total of 122 overall hours. Can also take PHSL 301 or PHSL 201 & PHSL 208 in lieu of AH 241.
